

Admiral Yachts deliver 38m superyacht Tremenda

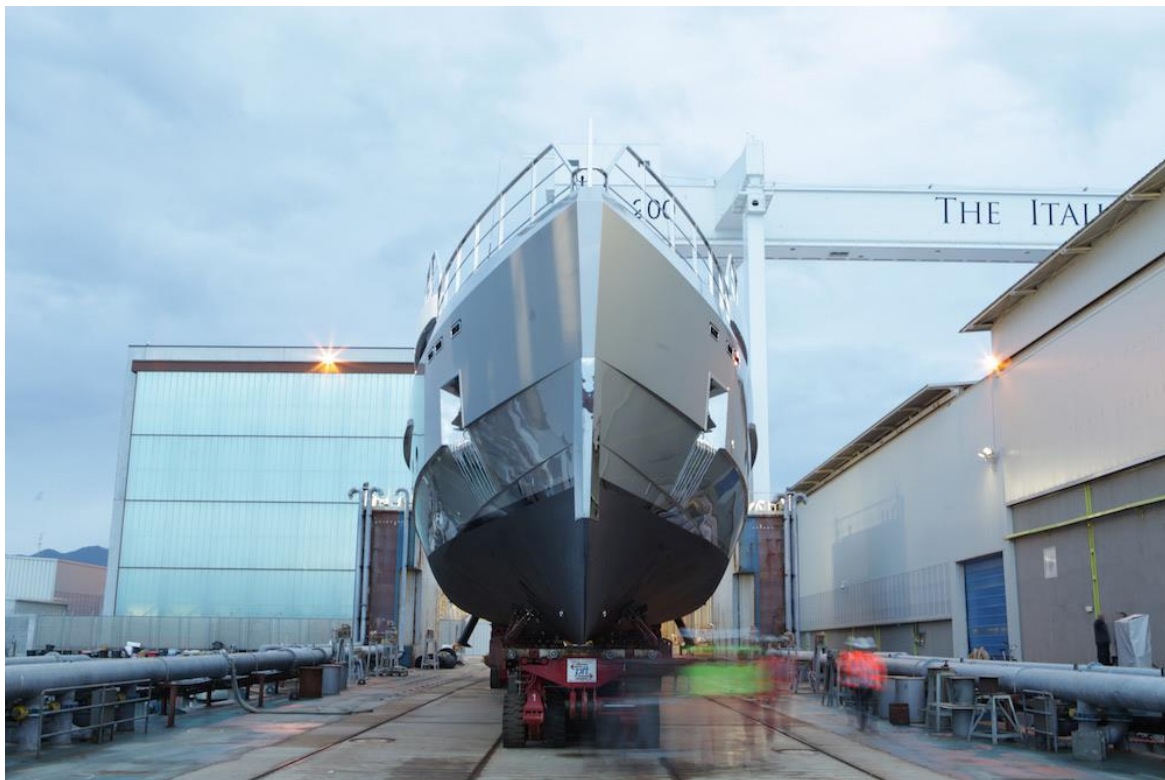

Lucid Yacht Group, project managers of Admiral Yachts' latest superyacht, the 38 metre *Tremenda*, announced yesterday that she has been delivered to her owners following a late-April launch.

The launching of *Tremenda* marked the third superyacht launch of 2016 for the Italian shipyard, succeeding the 55 metre *Quinta Essentia* and the 50-metre *Ouranos* earlier this year.

She features a masculine exterior from the drawing boards of Luca Dini, with her opulent interior from Gian Marco Campanino in collaboration with Admiral Centro Stile.

Inside, her interior design team has utilised precious dark joinery throughout in both glossy and matte finishes, alternated by rare marble panels and natural leather surfaces. She accommodates guests over two VIP suites and two double cabins on the lower deck, with the impressive owner's suite located on the main deck.

Tremenda's owner will use her privately throughout the Mediterranean this summer season before heading to the Caribbean and U.S. waters.

The successful delivery marks the second project in which Lucid Yacht Group and Admiral Yachts have collaborated, the first being the 37 metre *Nono* completed in 2014. *Nono* was recently listed for sale once again, with her original owner's moving on to a larger new build vessel.
