About NONO

Boasting very modern and innovative lines, all-aluminium luxury yacht Nono is a striking semi-displacement vessel with raised pilot house, destined for long distance traveler vocation, able to achieve a maximum speed of 20 knots.

Super yacht Nono features an elegant metallic light-bronze hull and a pearl-white superstructure with mat black areas in harmony with the main deck windows and hard top details.

Nono yacht's interiors are spacious and full of natural light, thanks to large glass surfaces. This is particularly emphasized in the aft area of the main salon, as this is an all glass area.

Nono superyacht provides deluxe accommodation in 5 beautifully appointed cabins. There include the main deck full-beam master cabin, including a generous en-suite bathroom, which is directly connected with two walking wardrobes, his and hers. The lower deck hosts four spacious en-suite guest cabins, two of which are VIP cabins.

The main deck aft cockpit hosts large spaces, all dedicated to relax, sunbathing and 'al fresco' dinners. There is also a lovely beach club, where the transom door opens up, creating a big aft terrace. This area also provides a bar corner, a day head and a steam bath.

The sundeck aboard Nono yacht is actually a vast terrace overlooking the sea, divided into two different levels. The one forward is dedicated to dining and it also features a bar corner, lounge area and remote steering wheel position, while aft a big hot tube for up to 8 people can be found, taking a substantial part of the area. A further external space at the very forward end of the hull offers a sitting area and an up & down coffee table.
