Several achievements for The Italian Sea Group during the Show and other important moments worth mentioning:

1 – The M / Y Entourage had the greatest honor to host on board the Prince of Monaco Albert II at the ceremony of delivery of the plate referring to the Green Plus certification issued by RINA (Registro Italiano Navale)

4 – The show on board the M / Y Entourage by Italian artist Giovanni Balderi for the reused edition of "Art On Waves" has proved highly success with over 100 exclusive guests .

Great interest was also received for the two new projects officially presented in Monaco as the result of collaboration with international designers: the new Admiral superyacht "X Force 145", developed with [Dobroserdov Design](#), and the new project "Wave" from 38 to 60m of Admiral Sail, designed in collaboration with [Philippe Briand](#).

The President Giovanni Costantino said he was very pleased with the results: "The success of an international exhibition of this magnitude confirms the strength of our business strategy . We will continue in this direction , with the aim to establish ourselves more and more as authentic interpreters of the Made in Italy design and technique."
